BLOCKCHAIN TECHNOLOGY

(Practical 1)

Problem Statement: Installation of MetaMask and study spending Ether per transaction.

PROCEDURE / STEPS

1. Open the Google Chrome / Firefox web browser.
2. Navigate to the Chrome Web Store and search for 'MetaMask'.
3. Click on 'Add to Chrome' to install the MetaMask Ethereum wallet browser extension.
4. Open the extension and choose 'Create a new wallet'.
5. Set up a secure password and securely backup the 12-word Secret Recovery Phrase.
6. Verify the recovery phrase and confirm wallet creation.
7. Access the Ethereum Mainnet / Sepolia Testnet dashboard.
8. Study the concept of gas fees, transaction costs, and spending Ether (ETH / Gwei / Wei) per transaction.
